

VIRTUAL REALITY

Do you provide unpaid care or support for someone?

Would you like to find out how you can take a break in your own home?

Pembrokeshire County Council are offering unpaid carers the opportunity to borrow a virtual reality headset for use at home as part of a loan scheme, free of charge. Subject to availability.

The Virtual Breaks project supports unpaid carers, who might struggle to get out and reach physical wellbeing opportunities, to enjoy virtual breaks at home through the use of Virtual Reality Headsets. The headsets are set up and simple to use, full training and support is given. Available experiences range from locally filmed places and events to footage from all around the world. Some new experiences have been created in collaboration with artists and musicians.

If you would like to find out more please call Pembrokeshire County Council on 01437 723660 and ask for Digital Community Support.
